

Driving Miss Daisy

Nicolette Veltman

Need a lift? Call Nic and Drive with a Friend!

Nicolette Veltman is the owner of the new Kapiti Driving Miss Daisy franchise. This is a safe, friendly and reliable companion driving service based on the award winning Canadian franchise and now operating in many centres around New Zealand.

Nic says, "we collect our clients, drive them to their destination and provide whatever help is needed before delivering them safely home again. We'll happily help them in with any shopping or luggage and not leave them till they are perfectly satisfied." It is an ideal service for senior citizens, for delivering children safely to appointments, for people who don't drive and many others. Nic took on the Kapiti franchise on May 17th after needing a change from the

corporate world in Wellington for the past 22 years. She says Driving Miss Daisy is perfect because she loves helping people. "I'm a great listener and love the wisdom, laughter, tears and great stories passed between the generations. Meeting and helping people from all walks of life gives me a great buzz... I am so excited to be offering this service to the local people of Kapiti." Becoming a Driving Miss Daisy franchise owner was more than parting with money and signing a piece of paper. "We are police and franchise vetted, trained specifically for the job – especially helping clients with special needs. We then resit our full licence with its passenger endorsement."

Kapiti territory starts at Fisherman's Table and stretches up to Ohau.

Nic's co-driver Ngaire Hunter handles many of the calls around the Otaki, Manakau and Ohau area and is always available as a back-up for Nic if there are overlapping bookings.
