

Driving Miss Daisy Invercargill turned 10!

Driving Miss Daisy Invercargill turned 10 on the 1st of March. What a Milestone!

It started as a one car, one driver operation. With just Rachel and her trusty Skoda Roomster. The Skoda is gone but Rachels still going strong! Originally it was just a handful of clients but with Rachels hard work the business grew and Natalie joined in April 2019 and it has now blossomed into a four car, six driver team that serves 100's of people right across our community.

We are so thankful to have had the trust and loyalty of our wonderful clients, many of whom are now friends. It has been a privilege to provide this service which makes a difference to the lives of others and our team of amazing drivers certainly go the extra mile every day to make this happen. We would also like to thank all the past "Daisies" who have joined our team over the years and have helped us grow this wonderful Companion Driving Service.

We can't wait to see what the next 10 years brings.

Spreading Birthday Joy..

We really enjoyed spreading the birthday joy and if you were lucky enough to travel with us during our "Birthday Week" hopefully you got a yummy cupcake.

Here's our regular client Pauline with hers.

Remember we are part of the Total Mobility Scheme and are an ACC contracted supplier.
